

## WOOD LEADING IN NEW JERSEY

Revised Returns at Noon Give Wood Only 672 Votes Lead in Primary

NEW YORK, April 29.—With Major General Leonard Wood leading Senator Johnson of California by only a few hundred votes in the New Jersey preferential presidential primary, Johnson's primary, Johnson's campaign manager announced today that a recount would be asked in Essex, Morris, Gloucester and Camden counties.

NEWARK, N. J., April 29.—With 53 districts missing, Major General Leonard Wood today was leading Senator Johnson of California by 672 votes in the New Jersey preferential presidential primary contest. Revised returns at noon gave Wood 51,822 and Johnson 51,150.

The complete vote probably will not be available until late today as the missing districts are located in outlying rural sections. Seventy-four of the missing districts are in counties which have returned majorities for Wood in the incomplete returns. The Republican "big four" delegation to the Chicago convention will be Senators Walter E. Edge and Joseph E. Frelinghuysen, who are pledged to support the voters' choice, as expressed at the primary; Edward C. Stokes and William N. Runyon, pledged to support Wood.

Incomplete returns indicate that Wood will have eleven district delegates and Johnson ten. Three delegates are unpledged. Campaign managers for both Wood and Johnson reiterated claims that their candidate would carry the state.

William F. Verdon, a Republican leader in Hoboken, who is pledged to Johnson, would add nothing today to his charge yesterday that the California senator had been "robbed" in at least three counties, Camden, Morris and Essex.

Widespread reports that Senator Johnson's supporters would ask for a recount could not be confirmed here early today.

Ohio Race Close.

COLUMBUS, O., April 29.—Harry M. Daugherty, pledged Harding candidate for delegate at large, who on the face of incomplete returns last night apparently had been defeated by William H. Boyd, pledged Wood candidate made heavy gains in additional precinct returns received today. Boyd now is leading Daugherty by only 891 with 125 precincts yet to report.

On the face of incomplete returns from all but 103 of the 5,882 precincts in the state, the senator was leading Major General Leonard Wood by 15,186 votes. The vote stood: Harding 125,003; Wood 109,817.

Daugherty apparently has been defeated by William H. Boyd, Cleveland attorney, and a Wood candidate.

Three Harding delegates at large apparently are elected. The vote in all but 272 of the 5,882 precincts of the state showed: Galvin, (Harding) 114,097; Willis (Harding) 115,413; Herick (Harding) 125,596; Turner, (Wood) 101,942.

Indications were early today that at least 39 and possibly 42 of the state's 48 delegates to the Republican national convention will be pledged to Senator Harding, while the remainder will be pledged to Wood.

## Broader Outlook Is Urged on Bankers

PINEHURST, N. C., April 29.—"America must not be prevented from taking her rightful position as a world nation by little Americans, narrow visioned men or peevish politicians," Francis H. Sisson, New York banker, declared today in an address at the annual meeting of the executive council of the American Bankers' association.

Mr. Sisson asserted that a national merchant marine was impossible of creation under the present seamen's act. Enlarged foreign trade, he said, also was impossible without greater governmental encouragement in the way of trade information and adequate protection of American money invested abroad. America's industrial life, he told the bankers, cannot reach its full development without a more public-spirited labor.

## NOMINATE POSTMASTERS.

WASHINGTON, April 29.—Postmasters nominated today by President Wilson included: William J. Martin, Safford, Calif.; and Willis G. Haas, Cheyenne, Wyoming.

Carroll Sprigg of Dayton, Ohio, nominated consul general at Cairo, Egypt.

Frederick A. Wallis, of New York, was nominated commissioner of immigration at Ellis Island, to succeed Frederick C. Howe, resigned.

## RESENT IRISH ACT OF SENATE

Andrew Bonar Law Declares English Not Interfering in Philippine Question

LONDON, April 29.—The United States senate's resolution was brought up in the house commons today and drew several pointed questions. Ronald McNeill, Unionist for the Canterbury district, asked the government if it had "any official information regarding a manifesto to be issued in Washington by an organization known as the Philippines' commission for independence, in which it was maintained that American belief in the principle of self-determination would be demonstrated more impressively by conceding the repeated demands made for independence by ten and one-half million inhabitants of the Philippines, than by passing resolutions in the senate expressing sympathy with the cause of Irish independence," and whether "as a mark of respect for the American senate," the house of commons would be enabled to follow the precedent set by the senate by moving a resolution in support of the Philippine demand for self-determination.

Andrew Bonar Law, replying for the government, said he had no information on the question which did not seem to be one in which the British government was concerned. Numerous other questions followed and Sir Edward Carson, the Ulster Unionist leader, asked whether it was not better for each country to leave the other alone.

Mr. Bonar Law replied he thought that in other words that was his answer.

On Hunger Strike. BELFAST, April 29.—Some 200 Sinn Féin men have been on a hunger strike in the Belfast jail since last Monday, when the governor of the prison refused their demand for unconditional release. Four have been removed to the prison hospital.

The military is guarding the hospital which is surrounded by electrified barbed wire.

## Riotous Conflicts.

LONDON, April 29.—Sinn Féin demonstrations at Wormwood Scrub's prison tonight led to riotous conflicts with an anti-Sinn Féin crowd. Several persons were slightly injured and two Irish priests were roughly handled. There was no response to the demonstration from inside the prison.

Five more hunger strikers were sent to the hospital today.

## HARRY CAREY STAR IN "OVERLAND RED" AT THE OGDEN TODAY

The unselfish relinquishment of the greatest hope a man has, simply because he will not let his own love spoil the romance of his dearest friend, gives a tremendous heart appeal to "Overland Red," the Universal production starring Harry Carey, which comes to the Ogden theatre today.

The picture is replete with the thrill, the excitement, and the beauty of desert life in Western America. This is the same spectacular horse-manship, the lightning gun-play and the droll humor that has characterized Harry Carey's former pictures. Overland Red, played by the star himself, and Colie, a boy he had befriended, discover the location of a valuable mine. They are only tramps. A dishonest sheriff tries to get the information from them.

A girl comes into their lives, a girl with whom Colie falls in love. Red does, too, but he never lets on, for he would not mar the happiness of his friend and the girl.

## Poles Join Ukrainians Against Red Forces

WARSAW, April 27.—(By the Associated Press.)—It is understood that the treaty with Ukraine has been signed, but the provisions have not been made public for strategic reasons. However, it was announced previously that the Polish army would support the Ukrainians in an effort to wrest from the reds territory as far as the Dnieper.

Simon Petliura, who now is in Warsaw, Premier Masepp, and Foreign minister are expected to issue a declaration of Ukrainian independence soon. The plans include the establishment of the capital at Kiev on May 5, or an early date thereafter. Winnica, about 200 kilometers from Kiev, was captured Monday.

## PUNISH HEADS OF RAIL STRIKE

Newark Grand Jury Called; Baggage Transfer Men at Chicago Return

NEW YORK, April 29.—Federal action to punish leaders of the strike of railroad workers in the New York-New Jersey district was begun in Newark, N. J., today when United States District Attorney Joseph T. Bodine called a number of witnesses before a grand jury to testify regarding the strike.

Virtually all traces of the strikes now have disappeared, according to statements made by officials of the various railroads.

Claim Improvement. CHICAGO, April 29.—Railroads claimed continued improvement in traffic conditions today. The strikers, now in their fifth week of the unauthorized walkout, gave no indication, however, of calling off the strike.

Seven hundred baggage transfer men, who struck last Friday for more pay, reached an agreement and arranged to return to work today.

## Harbor Tied Up.

BUFFALO, N. Y., April 29.—Two steamers loaded with grain from Duluth arrived here today and were added to the fleet held up by the harbor strike. The arrival here tomorrow of a mediation board is expected to mark a step toward settlement.

## Present Demands.

DULUTH, Minn., April 29.—Seventeen unions representing various railroad craftsmen, made written demands on officials of the Duluth, Mesabie and Northern and the Duluth Iron Range railroad companies for increased wages. Specific demands of the machinists, boilermakers, sheet metal workers, blacksmiths, clerks, carmen and electricians were 85 cents per hour for mechanics and sixty cents per hour for helpers, with additional compensation proportionate to the increase in the cost of living since January 1, 1919, according to information obtained here.

## Shipping Idle.

MANILA, P. I., April 28.—A strike for higher pay has tied up inter-island shipping throughout the Philippine group. Acting Governor Yeator is seeking to arbitrate differences between ship owners and the men.

## Fail in Attempt to Prosecute Socialist

PARIS, April 29.—The government won its point in the chamber of deputies today when it opposed a determined effort on the part of the reactionary and royalist section of the chamber to secure consideration of the question of the suspension of immunity of Deputy Vaillant-Couturier, unified socialist so he might be prosecuted for the article published in the newspaper Le Populaire on April 23. This article was addressed to the 1920 class of recruits and was considered by objectors as an effort to incite disobedience.

The government opposition to taking up the question today was upon the ground that the new taxation bill was a more important measure and should be considered at this session.

## HER SAINT AN ANGEL

She tried every way in the world to make her hubby wicked, but all he could think of was anthropology and Greek architecture. But he goes with the other agnals and Connie starts "In Search of a Sinner," at the Orpheum Sunday.

## Ask Parties for U. S. Education Department

SPOKANE, Wash., April 29.—Prominent educators will attend the Republican and Democratic national conventions to present a demand that a plank for a national department of education with a secretary in the president's cabinet be included in their respective platforms, according to an announcement today by Josephine Carless Preston, president of the National Education association.

## BOTH CLERGY AND LAITY FEEL STRAIN

LONDON, April 29.—Are sermons indispensable? This is one of the questions on which a decision may be taken by the bishops of the Anglo-American church at their meeting in Lambeth in July.

A section of churchmen are declared to hold that if a man has not the gift of preaching, it has not been better for everyone that he should not preach. The "two sermons each Sunday" custom, they say, imposes a great strain on the clergy—a strain especially if not more heavily felt by the laity.

## MCDONALD BREAKS LEG WHEN SLIDING

SEATTLE, Wash., April 29.—Third baseman McDonald of the Los Angeles club of the Pacific Coast league, suffered a broken leg in sliding into second base in yesterday's game.

COULD NOT STAND STRAIGHT. It does not take long, when the kid-neys are out of order and not doing their work properly, for poisonous acids to accumulate in the system and cause aches and pains. D. C. Diamond, 2865 W. 30 St., Cleveland, O., writes: "I caught cold and it settled in my kid-neys. My back and sides were so lame and sore I could not stand straight. I use Foley's Kidney Pills with good results and am glad to testify to their helping power." Sold everywhere—advertisement.

## WAR BRIDES OF YANKS GO HOME

Incompatibility of Customs Causes 12,000 to Return to France

PITTSBURGH, April 29.—Incompatibility of American and French customs has caused 12,000 of approximately 50,000 French war-brides to return to France, according to Mrs. Reginald H. Johnson, president of the recently organized L'Esprit Franco-Américain club here. The club, formed at the suggestion of Mlle. Odette de Bouillon, of Paris, who was recently in Pittsburgh, is expected to broaden the interests of French girls who became the brides of Americans overseas, and to make them contented in their new homes.

Mrs. Johnson, herself a war-bride, and wife of a professor of languages at the University of Pittsburgh, declared that members of the club are learning English, of course, but slowly, and "when one cannot talk, one thinks too much."

"We of France are individualists," she said. "We live within ourselves and our own people, and that makes it doubly hard for the French girls who have left their homes and families. Not that they do not love their husbands, but be sure, they miss their people."

## Will Write Book on Alaska Discovery

COLUMBUS, Ohio, April 29.—The Valley of Ten Thousand Smokes, near Kodiak, Alaska, will see no more of its discoverer, Robert F. Griggs, professor of botany, Ohio State University.

Prof. Griggs, who describes the valley as "hell, seething hell, with the lid off," says five trips to this desolate country atop the earth is enough, and that he is "fed up on it." During the coming summer, Prof. Griggs expects to complete his book describing this valley of mystery and the eruption of Mt. Katmai nearby.

## ORPHEUM PLAY PLEASURES MANY

Large Audience Enjoys Louis Mann and Company in "Friendly Enemies"

Tears flowed freely from the eyes of the large audience which last night greeted "Friendly Enemies" at the Orpheum theatre. Most often these tears were caused from the mirth provoking dialogue of the play but some of the tears were the result of the pathetic and heart interest admirably depicted by a splendid cast.

"Friendly Enemies" tells the story of a retired German born manufacturer who is strongly "pro-German" after the United States enters the war, how he is heart broken and bitter when his only son volunteers and how his eyes are opened to the trickery and cruelty of German militarists when the boat upon which his son is sailing to France is blown up by German agents who work with money he has contributed.

The play is the work of Samuel Shipman and Aaron Hoffman. Hoffman will be remembered in Ogden as the author of "Last of the Ages," the film produced here by the Ogden Pictures corporation. Hoffman was here assisting in the production.

Louis Mann is Karl Pfeiffer, the retired manufacturer, who puts Germany ahead of his adopted country until he receives such a bitter lesson. His depiction of the stubborn, yet lovable type, was highly pleasing.

Henry Block, Pfeiffer's "Friendly Enemy" was played by Jess Dandy, who made the part of the former German who has turned loyal American stand out brilliantly.

The work of Marie Reichardt as the wife of Pfeiffer was one of the delightful features of the play.

## DENIES RUMORS OF SPECULATION

Ogden Jobber Says no Wholesalers Here Sending Out Beet Sugar

WASHINGTON, April 29.—Acceptance of "fair" prices by the department of justice was defended today by Attorney General Palmer before the house judiciary committee which is investigating his agreement with Louisiana sugar growers that 17 and 18 cents would not be considered an unfair maximum price for their product.

Mr. Palmer declared that the acceptance of the "fair" prices was "not a fixed price, but the exercising of the lawful discretion in announcing what the government would regard as a violation of the law."

"For anyone to say such action was a violation of the law," said the attorney general, "shows a lamentable ignorance of the law. If I am guilty in Louisiana, then I am guilty elsewhere throughout the country with respect to all necessities and there is plenty of room from the records of the department of justice to find me guilty."

"Fair," prices, he continued, "were determined by the fair price committees organized last fall throughout the country. These committees he described as 'the weapons of the public' for fighting rising living costs."

## Modern Bluebeard Found Near Cairo

CAIRO, Egypt, April 29.—The work of a modern Bluebeard has been discovered near a 54 miles north-west of Cairo, noted for its Mohammedan festivals and fairs. Women enticed into a certain house on the pretext of meeting a wealthy admirer and then murdered. Afterwards their bodies were burned except for the heads, twenty of which were found in the house.

## QUIZ SCHOOL BOYS ON SAFE ROBBERY

MISSOULA, Mont., April 29.—Missoula county high school authorities have refused the request of Sheriff Green that finger prints be taken of all the boy students in an attempt to solve the robbery of the school safe yesterday when \$500 was taken. The boys are said to be considering volunteering to take the prints.

## SEES END TO PAPER FAMINE

Lack of Understanding Caused Present Shortage, Says Senate Witness

WASHINGTON, April 29.—Lack of satisfactory understanding between the publishers and print paper manufacturers was held to be responsible in part for the present paper shortage by Paul Patterson, one of the publishers of the Baltimore Sun, in testimony today before the senate committee investigating the paper situation. He explained that while there would be no increased production this year, production in 1921 would be 30,000 tons over that for 1920.

The present shortage, the witness told the committee, resulted from increased consumption beyond the capacity of the paper mills. Saying that increased prices for paper were necessary about three years ago, he asserted that the producers failed to take the publishers into their confidence at that time with the result that an agitation was started against increased prices and for public control of the paper industry. Also the manufacturers, he said, failed to expand their plants due to the lack of understanding between them and the publishers.

As a result of this situation, Mr. Patterson said, when the publishers came to renew their paper contracts this year insufficient paper to meet demands was discovered so that they entered 1920 with a "shortage of paper on every hand."

## Washing Won't Rid Head of Dandruff

The only sure way to rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid avron; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and discom of the scalp will stop at once, and your hair will be shiny, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid avron at any drug store. It is inexpensive and never fails to do the work.—Advertisement.
